2018-2019 PASCO COUNTY SCHOOL DISTRICT
INTERSCHOLASTIC SPORTS ACCIDENT INSURANCE SUMMARY

IMPORTANT NOTICE TO PARENTS OF PASCO COUNTY SCHOOL DISTRICT STUDENT ATHLETES

Your school is very interested in providing a safe environment for all students. However, accidents do happen every day during school activities. Therefore, the School Board of Pasco County purchases an interscholastic sports accident policy for student athletes. We strongly urge all parents to read this description of coverage in case an accident occurs during a sports practice or game. This policy may not pay for 100% of all medical expenses due to the limits of the policy as described below. The school cannot accept financial responsibility for any expenses due to interscholastic sports related injuries or any expense not covered by the school insurance policy.

The policy insures Senior High and Middle School student athletes and cheerleaders while they are participating in school supervised interscholastic sports practice sessions and games during the regular school term. Student athletes and cheerleaders are also protected during group travel in a school bus or van to and from the school and a covered interscholastic athletic event site. Travel in vehicles not owned or operated by the school is not covered.

Pasco student athletes injured while practicing for or competing in interscholastic sports during the regular school, as sanctioned by the Florida High School Athletic Association, may file for policy benefits. Pasco athletes that may be injured during off-season, school sponsored 'conditioning programs' that are scheduled and directly supervised by the school coach are also entitled to file for policy benefits. 'Conditioning' is defined as cardiovascular exercise or weight training. Weight training is the use of free weights and stationary apparatus. Cardiovascular conditioning is distance and interval training. Plyometrics is the use of pre-set conditioning programs. 'Conditioning' IS NOT teaching sport specific skills and drills, and DOES NOT involve the use of sport specific equipment (i.e. starting blocks, hurdles, rebounders, ball machines, bats, balls, rackets, etc.).
Injuries sustained during the summer or during any open gyms/facilities or camps <u>are not</u> covered by the Pasco sports policy. Off-season practices, drills or scrimmages are not covered under this plan. The coverage is effective during FHSAA sanctioned seasons as scheduled by FHSAA.

The School Sports policy is EXCESS INSURANCE. The policy will not allow anyone to profit by collecting duplicate benefits from several insurance sources. Any benefits that could be collected from any other insurance, PPO, HMO or other available source of coverage must pay first. If primary HMO or PPO coverage is available through your employer-sponsored plan, you should use the HMO or PPO approved doctors, hospitals and other providers for treatment of your child's injuries. If you do not use your available primary HMO or PPO networks, the school sports policy benefits will be reduced and you will be solely responsible for paying any unpaid medical bills not covered by the school sports policy.

<u>SPORTS POLICY MAXIMUM BENEFIT LIMITS</u>

The sports policy may not pay for all sports accident related medical expenses. **Some bills may exceed the limits of the policy. Visit www.schoolinsuranceofflorida.com for a listing of providers in your district.** The maximum policy benefits are listed below. For a claim to be considered eligible for policy benefits, an injured student must receive medical treatment by a licensed physician within ***sixty (60)*** days after the date of the original covered accident. A 'covered accident' is defined as a sudden, unforeseen, unexpected identifiable single event which results in accidental bodily injury to a covered athlete or cheerleader, independent of all other causes, occurring while the school policy is in force. Prolonged over-exertion or repeated injury due to non-accidental overuse is not considered a "covered accident". Policy benefits for heat exhaustion or fainting is provided if either occurs during or within one hour after participation in a school sports practice session or game.

PREFERRED PROVIDER NETWORK is a listing of medical service providers, doctors and hospitals, who have agreed to accept the school sports policy benefits as payment in full for services rendered in most cases. It is the parent's responsibility to pay any charges that are not covered by the school insurance plan. Not all doctors and hospitals accept the school insurance policy benefits as payment in full for services rendered. A listing of current **PREFERRED PROVIDERS can be reviewed at our website www.schoolinsuranceofflorida.com. NO PROFIT CLAUSE: The policy is EXCESS INSURANCE.** This means that any benefit payments that could be collected from any other insurance or similar plan must pay first. (If a person fails to follow rules of a PPO or HMO type plan and loses benefits that could have been collected, these benefits will be classified as collectible and the school insurance policy benefits will be reduced by the amount that could have been collected from the HMO or PPO). Total payment by all collectible insurance or plans shall never exceed the total reasonable medical expense incurred.

SURGERY as defined in the policy means (a) the repair of a laceration that requires sutures (b) any cutting operation, or (c) the reduction of a fracture or dislocation; (treatment of a non-displaced fracture not requiring reduction is not considered a surgical procedure).
